Dear Ms. Bove:

Thank you for your July 15, 2009 correspondence in which you requested approval to decrease the number of individuals that Southern Wisconsin Center is approved to relocate. The Department of Health Services (DHS), Division of Quality assurance approves your request to amend the Ch 50 Plan to decrease from 100 individuals to 70 individuals.

Thank you for your continued efforts in providing alternative living for individuals residing at Southern Wisconsin Center. If you require additional assistance, please contact me at (608) 266-6646.

Sincerely,
